How did you hear about this opportunity with Tutoring Services?

References:

Tutoring Services requires at least two faculty references. Please give the names, departments, phone numbers, e-mail addresses, and the course(s) in which the faculty got to know you. The reference forms must be completed, placed in sealed envelopes (signed across the flaps), and returned to our office. At least one reference must be received from a person who has instructed you in the discipline in which you want to tutor. For example, if you wish to tutor Math 115, at least one reference must be from a faculty member who has instructed you in a Math class that is 115 or higher. Teaching Assistants are acceptable references. If you want to tutor classes in more than one discipline, you must provide references from each one. For example, if you would like to tutor Spanish 111 and Math 101, references must be received from one Spanish instructor and one Math instructor.
